

## What is Express Maintenance Auto Detailing?

At Wally Wash we understand the very important part your vehicle plays in your daily life.

We also recognize that a 'day long' full restoration detail job is not always possible or needed. This is where Wally Wash can help, by allowing you to pick what you need, when you want it!

With Wally Wash Express Maintenance Services, we'll do our best to complete your vehicle while-you-wait.

Since we are located in the Big Box shopping area, why not shop at Wal-Mart, Super Store, Home Depot or any of the 30 or more stores located right next door!

Conveniently located next to Wal-Mart in Brockville !

115 Broome Rd. Brockville, Ontario K6V-5V8  
detail@wallywash.ca www.wallywash.ca  
613-246-3332 & 613-246-2246

## How Can Wally Wash Perform this level of detailing at such a low price?

Wally Wash does it by leveraging the existing high quality car cleaning equipment, the best in car care products (such as Meguiar's & Simoniz), highly trained staff and proven techniques to get the job done quickly!

## Does Express Maintenance Detailing Replace Traditional Full Detailing Services ?

In most cases Yes. Maintenance detailing is simply that, maintaining your cars good looks and help retain its value.

Full Restoration Detailing offered in many locations can provide services such as paint restoration and seat repair to attempt to return a vehicle to its original condition.

In the long run, regular maintenance verses restoration will save you money.
